College undergraduate looking for a company where my skills, particularly those in programming and web design, will be challenged and improved.

Education

Mt. San Jacinto College
Computer Science
Computer Information Systems

San Jacinto, CA
AUGUST 2012 – PRESENT
AUGUST 2012 – PRESENT

- GPA:3.8

Experience

Sears Holding Corporation
Backroom Associate

Temecula, CA
OCTOBER 2015 – DECEMBER 2015

- Assisted customers at the merchandise pickup location by loading heavy products into their vehicles.
- Unloaded delivery trucks, moved merchandise to appropriate staging locations, and maintained stockrooms in a neat, orderly and safe manner.

Mt. San Jacinto College
Student Worker

Menifee, CA
AUGUST 2013 – MAY 2014

- Assisted users with the computers and other library equipment.
- Organized and located books and other material for easier access to the users.

Skills

- **Video game development:** Tinkered with programming and design of video games for more than 10 years. Used programs such as RPG Maker, Game Maker, and Unity to create small games.
- **Web development:** Designed and coded a dynamic website with HTML5, CSS3, JavaScript, PHP, and SQL.
- **Microsoft Visual Studio:** Used extensively to create small console programs in C#, C++, and Assembly x86.
- **Microsoft Visio:** Wrote and designed charts, graphs, and mock-ups for a design document for an unreleased mobile app.
- **Bilingual:** Fluent in English and Spanish.
